

Polar Speed Niilo

In 2001 we bought Niilo from the well known Finnish Polar Speed Kennel. Niilo is an enormous strong dog, he always works as a wheeldog. During the winter of 2008/2009, on the age of 12 ½ year, he was still running in his team, being the oldest dog in this team. Niilo likes to come along with us when we make a tour with snowshoes or skies. He is very good in obedience and even in catching balls and bringing these back. So you might say, that Niilo is a multi functional Siberian Husky.

And last but not least, he is a very smart dog.

During our trip from Finland to the Netherlands in autumn 2001, we made a stop somewhere along the E-45 in Sweden. We had about 30 dogs on the chains of our stake-out. Suddenly the chain broke and it broke on the place where Niilo was standing.

Immediately Niilo started to pull on the chain until it was tight and after that he lay down, while he was keeping the chain tightened. We owned Niilo only a few days, when this happened.

This action of Niilo gave us the change to entangle the other half of the dogs, because they were one big tangled jumble of dogs.

Although this is about 8 years ago, we shall never forget this smart action of Niilo.

The eyes of Polar Speed Niilo have been examined on eye-diseases.

There were no sign of hereditary eye diseases.

His hips have been checked as well, the result is HD B.

Polar Speed Niilo has been used in breeding two times.

1. Female: Tiniteqilaq's Asmuya

On 21 November 2003 Tiniteqilaq's Asmuya gave birth to three puppies.
The male Tiniteqilaq's Lesharo Gerimo runs in the team of the German musher Dieter

2. Female: Ana av Vargevass from Spain

In Spain Ana av Vargevass got a litter of 8 puppies from which Niilo is the father, these puppies were born in 2003 as well.
Ana is owned by musher Baltasar Gallardo Gonzalez who lives in Pamplona – Spain.
In March 2006 during the European Championship MD from the WSA in Zubereç – Slovakia, Baltasar was in this race with an open class team, consisting of 12 dog.
This race lasted 3 days and Baltasar became the all over European Champion. In his Siberian Husky team were among others also the children from Niilo and Ana.

This means that Polar Speed Niilo is a dog to be proud of.

Pedigree of Polar Speed Niilo
Date of birth: 5 November 1996

Date of Birth:
05-11-1996

Registration number
FIN-37412/97

Sex:
male

Owner:
Paul & Maya Brünner

Breeder:
Reijo Jääskeläinen
